

PARENT AND CARER PLEDGE

Courage

I will support the school and my child in showing courage by ensuring:

- that I work in partnership with school to address any barriers to learning my child may present with.
- that I will encourage my child to take responsibility for their own learning and push themselves to work to the best of their ability.

Aspiration

I will support the school and my child in showing aspiration by ensuring:

- that the homework assigned to my child is completed on time and that I will take an interest in their learning, assisting where I can and letting school know of any support they may need that has not already been identified.
- that I encourage my child to read regularly at home.
- that my child is fully engaged in their lessons and work set for them to complete.

Respect

I will support the school and my child in showing respect by ensuring:

- that my child attends school regularly and is punctual to school and all lessons during the school day.
- that I endeavour to support the school and my child by participating (where possible) in any meetings or parents' evenings that the school requests I attend.
- that I will check and read or watch any communications that come to me from school.

Equality

I will support the school and my child in showing equality by ensuring:

- that my child wears the correct uniform and PE kit and adheres to expectations regarding jewellery and piercings.
- that my child is prepared for their learning with the correct equipment.

Self-Control

I will support the school and my child in showing self control by ensuring:

- that I will contact school directly if there is anything regarding my child's education that I wish to discuss and be mindful that social media is not an appropriate platform for airing views or grievances.
- that I will communicate respectfully to all school staff and understand that school reserves the right to cease conversations that are offensive, abusive, threatening or deemed as harassment.
