Year 10 News

A half termly newsletter brought to you by Mr Cutler

Good News Stories

Well done to Year 10's in their first term at Harrogate High School. There have been new changes with uniform and behavior policies and the students have responded well.

There have been a lot of positives and accomplishments in and outside the school which need to be showcased to the Harrogate community.

Freddie Beasley has been registered at Bradford Football Academy as a trialist. This is a fantastic achievement for such a hard-working individual, we wish you the best of luck and success. Congratulations to Oliver Wainwright has been part of army cadets for 4 years and has been awarded Drill team in cadets. Won the last group drill team. Oliver has showcased the ability to command tasks, make decisions under pressure, plan and organise tasks and work as an effective team player as well as independently. Jessica Cunningham continues to perform her Irish dancing at a high level around the country in groups and shows across weekends. Keep up the hard work Jess and we are all routing for you. The skies are certainly not the limit for Jack Lambert. Jack flew a plane as part of Air Cadets for the first time which is an amazing achievement for a 14-year-old, Excellent work. Liam Sutcliffe plays for Harrogate railway outside of school, currently undefeated this season and has scored 4 goals to assist this win. Keep up the good results and aim to be the Invincibles. Finally, a rock star in the making Naya De Lima plays in a punk/rock cover band. She is the lead singer and name are to be confirmed so keep an eye out, we

could see Naya and her band headlining at Glastonbury.

Stand Out Performers

As Head of Year, I couldn't be prouder in the way year 10's have approached the term with amazing dedication and hard work, being role models to other years and promoting our CARES values within the classroom and social time.

We have consistently seen a huge number of positive class charts awarded to the students and reached an incredible 27923 points for the year so far. These have been rewarded within the School CARES values and more so for Aspiration. The importance for year 10s of aspiration is hoped to achieve for themselves in the future. To meet their aspirations about careers, university, and further education, pupils often require good educational outcomes. Raising aspirations is therefore often believed to incentivize improved attainment.

The top 10 stand out performers this half - term so far with over 200 class charts points are: Charlotte Singleton, Olgert Kukureci, Grace Coles, Logan Jackson, Ethan Chippindale, Isabel Holdsworth, Frankie Kwai, Elise Lovell, Lousia Day, and Jasmine Gilligan.

Well done guys. Keep up this outstanding achievement and thank you for your hard work and commitment to learning.

Attendance

At HHS, we thoroughly believe that students who have full attendance will acquire more knowledge and therefore achieve higher grades and future success. More so in year 10 with mock exams on the horizon and students will be sitting their GCSE's next academic year.

We really want our students to understand that every school day is a new opportunity to learn, and we have a daily focus on attending school and being punctual for lessons in order to maximize learning.

As a year group, we currently sit at 87% attendance since the first day of term and our big focus is increasing this number to hit our target of 97%. Although this can be challenging, we continue to work very hard with persistent absence and reintegrating these students back into school and the essential learning environment that they need.

Every school day counts.

Coming Curriculum

	Half Term 1	Half Term 2
English	Course overview. Introduction to Power & Conflict anthology. Focus on Blake's "London" & Shelley's "Ozymandias". Stave One of A Christmas Carol
