

February 2020

Dear Parent(s)/Carer(s)

How can I help my child learn at home for their GCSE exams and maintain their wellbeing around exam time?

I hope this email finds you well.

We would like to invite you to attend a follow up interactive workshop to explore practical revision techniques that are backed by action research. We will briefly recap techniques discussed in that last session, as well as building on how to create a revision timetable and will explore interactive options for revision you can access from home. The second half of the session will focus on practical techniques for managing wellbeing throughout the upcoming exam season, again giving you practical strategies, you can implement at home.

The workshop will take place at Harrogate High School on the evening of **Tuesday 10th March** in the **Learning Resource Centre** from **6:00-7:00pm.**

This session will follow the Year 11 Parents' Information Evening held in half-term one and the workshop in half-term 2. It is not a requirement to have attended the last session to attend this one; it would be a pleasure to see as many of you there as possible. There will be refreshments available.

If you would like to take part in the workshop, could you please confirm attendance to Mrs Cloggie by **Friday 6th March**

I look forward to seeing you there.

Yours faithfully

Miss Dobson
