

Year 11 Remote Learning Summary Guide

This information is to support students and parents in accessing their lessons whilst they are working remotely at home.

As it is difficult to know how long this may be for, it is important that students make every effort to keep up with their studies. As a rough guide, students should try and study the same timetable as they would have done if in school. For an idea of number of hours to spend on each subject see the far-right column below.

This document will be updated depending on the extent of closures and latest information. Teachers will continue to develop remote learning as needed.

Subject	Tasks and links	Further Guidance	Hours per week
English	English Language and Literature Revision; GCSE Pod and Seneca and GCSE Bitesize.	Students have been provided with revision materials in class; in addition, all materials are available on the VLE. Students should complete revision notes and any work completed can be emailed to staff for checking and feedback if appropriate.	5
Maths	www.mathswatch.co.uk/vle Three electronic exams papers have been set for you to complete; it is imperative you do these to the best possible standard. We expect you to be working through your progress tab on Mathswatch methodically,	The log in details are shown below and are the same for every student in school, once logged in you can change your password to make your account secure. Username: Firstname.Lastname@harrogate Password: Square	3 (+2 hours of intervention and

	evidencing all the skills you are acquiring successfully	Any problems remember there is a video to help you at the bottom of each question page then if you are still stuck ask your teachers (via email)	revision)
Science	Access the VLE – KS3 area for Year 9.	Science staff will have instructed students how to access and complete assignment on 'Seneca Learning'. Teachers will be checking that you have done these, although they are self-marking. Students and teachers can get in touch through the VLE.	5
Core PE	Year 11 Core PE All students should aim to get 60 active minutes a day. Links will be available on the VLE for suggested activities they can do at home or outdoors. Students to attempt as many as they can. Most activities only require a ball or some type of any equipment at all.
