

Dear year 6,

Hi. You're probably worried about coming here because it's a new school and new people you won't know. I'm going to tell you that it's not as bad as it seems! :D

First thing you're probably worried and the building and getting lost but it's not as confusing (and big) as it seems. You see the school corridor goes round in a square so it's easy to not get lost. And the class rooms are on similar levels too for example if you need to find English it's on the 1st floor just walk around and you'll find it. If you do get lost there will be other students ready to help you find the way. :D

Second point, you might be scared of coming here and having to make new friends but trust me when you come to a new school you'll be able to make friends with many people throughout all the years, especially in our VMGS which is like your group that you can go to for help. As well as making new friends you might even stay with your original friendship group so it won't be as scary as it seems.

A third reason, you might be worried or confused is at the new lessons. We learn a range of different lessons and most of them are very exciting. If you need help in the lessons you can always ask for help, that's what teachers are here for.

If you also need help with anything we have the SSOs which are student support officers. They will give advice and support every day.

We have many clubs from music to art and sport to drama and if you need to catch up on homework you can do that too. There is so much choice you can find the best clubs for you to enjoy.

I hope this helped and I hope you enjoy your time at HHS!

Yours Beth R
